

Aphasia Connections

(July - December 2026)

The Aphasia Connections group is a fun and welcoming setting for individuals living with aphasia to engage in conversation and socialize in a safe and supported environment.

The group will be led by several of Barrow Neurological Institute’s Speech-Language Pathologists, who are specially trained in helping those with aphasia communicate. We welcome anyone living with aphasia, whether you are currently enrolled in speech therapy or not. All levels and types of aphasia are welcome. We meet twice a month and participants are welcome to join any or all of the following dates.
