UnMasking Brain Injury: A Collaborative Conversation about Brain Injury and Aphasia Awareness

Wednesday, March 11, 2026 • 12-1pm ET

This month's experts, **Erica Davis** and **Kitty Barringer**, join us from the **Brain Injury Association**. They will share about **UnMasking Brain Injury**, a powerful national campaign that uses creative expression and storytelling to raise awareness about the often invisible effects of brain injury.

We will also have a collaborative conversation about brain injury awareness, advocacy, and shared priorities between the brain injury and aphasia communities.
