

Ask the Expert Webinar

Staying Connected with PPA / PPAOS

Wednesday, April 8, 2026 • 12-1pm ET

Living with Primary Progressive Aphasia (PPA) and Primary Progressive Apraxia of Speech (PPAOS) can change the way we communicate. Those changes can sometimes affect relationships with friends, family, and social groups.

In this webinar, people living with PPA / PPAOS and their family members will share real-life experiences and practical strategies to maintain relationships, support communication, and navigate challenges.

Expert **Becky Khayum, MS, CCC-SLP** will facilitate the panel discussion and Q&A.

People living with PPA / PPAOS, family members, care partners, and anyone interested in learning how to support meaningful connection and communication are encouraged to attend!
