

VOLUNTEERS NEEDED

AVAILABLE LOCATIONS:

1. The Neurolinguistics Lab (room 138), 250 Bedford Park Boulevard West, Bronx, Ny 10468
2. The Graduate Center, Room 7396.01, 7th floor, 365 5th Ave, New York, NY 10016

About this study:

- This is a 6-month longitudinal study with 3 in-person sessions.
- Participants complete interviews and tests of numerical, mathematical, language, and memory abilities.
- Each session lasts approximately 2 to 2.5 hours
- Participants may allow the research team to review MRI or PET imaging results.

You can participate if:

- You have a diagnosis of Corticobasal Degeneration or Logopenic Variant of Primary Progressive Aphasia.
- You learned English before the age of 6.
- You have good hearing and vision (corrected is fine).
- You live at home or with family or caregivers.
- There is a caregiver available for a brief interview.

Compensation

Participants will receive \$40 in cash at the end of each testing session.
